Invitation Message

Good Afternoon

I have received a call and request from a perspective purchaser to gather more information on the **Honeywell parcel at the Avtex Site in Front Royal Virginia**. I spoke with Chris Thomas and he recommended that we have a conference call with the purchaser to provide guidance on buying and redeveloping a superfund site. The parcel has a covenant (attached) and the buyer would like to utilize the site for green houses and a campground. Please let me know of your availability. Thank you.

Notes

The site was Originally the Acid production plant that sported the Avtex Facility. General Chemical sold the plant to Avtex who shuttered it as a production plant and used it as storage and transfer station.

When Avtex filed bankruptcy the liability reverted to
Gen Chem->Allied->Honeywell

Environmental Covenant restrictions

3. Activity & Use Limitations.

The Property is subject to the following activity and use limitations, which shall run with the land and are binding on Grantor and any successors, assigns, tenants, agents, employees, and any other persons under its control, until such time as this environmental covenant may terminate or be amended as provided by law:

- a. Groundwater beneath the Property shall not be extracted or used for any purpose, except as may be required by EPA or the Virginia Department of Environmental Quality (DEQ) for groundwater monitoring and/or remediation. No groundwater extraction wells shall be installed on the Property, until and unless, approved, in writing, by EPA.
- b. Residential dwellings of any kind are prohibited on the Property.
- c. Accumulation of trash, refuse, junk or any other unsightly material is not permitted on the Property.
- d. Hunting or trapping of animals is prohibited on the Property.
